

## **The Engineering Council act has been approved from the parliament.**

The much awaited Engineering Council act no. 4 of 2017 has been approved from the parliament of Sri Lanka on 9<sup>th</sup> March 2017.

All the engineering practitioners practicing in Sri Lanka are required to register under this Engineering Council act at. This includes the temporary registration of foreign engineers who intend to work in Sri Lanka.

The purpose was to provide for the establishment of the Engineering Council, Sri Lanka, which shall be responsible for the maintenance of professional standards and conduct of engineering practitioners, registration of different categories of engineering practitioners and to provide with matters connected with and incidental thereto. The engineering profession in Sri Lanka will be regulated by the statutory body just as the medical and legal professions.
